- 

Click the arrow button to proceed to the application.

### Massive Open Online Course (MOOC) Grant

Courses offered through MOOC platforms have the potential to reach large and global audiences, to stimulate curiosity and intellectual exploration, to make more visible the teaching and research activities of the University, and to promote public engagement. Awards are up to \$25,000 plus in-kind CTL support.

---

What is the **name** of the principle investigator (PI) who will act as the primary contact for this grant application?

---

What is the **UNI** of the primary contact PI?

---

What is the **title** of the primary contact PI?

---

What is the **department** of the primary contact PI?

---

What is the **school** of the primary contact PI?

---

Please list **additional PIs**, including their names, titles, and UNIs:

---

---

---

---

---

-----

Please enter the full **title** of your proposal:

---

-----

Please enter the **budget** requested in your proposal:

---

-----

Does your proposed project include the application of generative artificial intelligence tools to enhance teaching and learning?

☐ Yes (1)

☐ No (2)

-----

Is the proposed MOOC based on an existing course or will the project create a new course?

☐ New

☐ Existing

-----

If previously existing, what is the **course name and number**?

---

What is your role in your department, school, or program, with respect to the project?

---

---

**Upload your documents.**

Attach your proposal with combined letter of support from your department chair or vice dean as one PDF.

---

Click the arrow button below to submit your completed application.
